

# Effective Health Care

## CER Results and Benefits Design Nomination Summary Document

### Results of Topic Selection Process & Next Steps

- CER results and benefits design falls beyond the current domain of the Effective Health Care (EHC) Program because it concerns benefit design, not the assessment of care delivery effectiveness issues or the comparative effectiveness of a health care drug, intervention, device, or technology. No further activity will be undertaken on this topic.

### Topic Description

**Nominator:** Organization

**Nomination Summary:** The nominator is interested in how results from comparative effectiveness studies on tests and treatments can be used to create cost-effective health care benefit products.

**Key Questions from Nominator:** None

### Considerations

- The nomination does not meet EHC Program appropriateness criteria. (For more information, see <http://effectivehealthcare.ahrq.gov/index.cfm/submit-a-suggestion-for-research/how-are-research-topics-chosen/>.)
